N5-4 Namikiri Fudoin Temple

A temple with an impressive red main shrine constructed into the mountainside. Religiously devout persons involved in fisheries gather to pray for safe seas.

〒2551 Naruto, Sammu
 ☎0475-82-2176 ☑Free access to the temple grounds ☒Open year-round ☑Free

Please visit the ideal gardens for strawberry pick on that particular day, after being introduced by the Station Tourist Information Center. As there are many courses which use taxis to get around we recommend you go in groups of 3 to 4 persons. While taxis in Japan can also be waved down on the street, you can choose to have the staff call you a taxi at each facility.
